Completion of the reform of Russian versification ("Ode to the capture of Khotin", "Letter on the rules of Russian versification"). Lomonosov's view on the meaning of literature ("Conversation with Anacreon").

5. Requirements for the assessment of knowledge on the subject:

The "excellent" rating is given if the doctoral student:

- gave a full detailed answer to the questions indicated in the ticket; demonstrated a set of system knowledge about the object, manifested in the free operation of scientific concepts, the ability to identify their essential and non-essential features and cause-and-effect relationships; demonstrated the ability to critically analyze and apply theoretical and practical knowledge in the field of Humanities for their own research.

The rating "good" is set if the doctoral student:

- gave a detailed answer to the questions raised, evidently disclosed the main provisions; the answer shows a clear structure, logical sequence, reflecting the essence of the disclosed concepts, theories, phenomena; stated the answer in literary language in terms of science; as well as if the answer contains flaws corrected by the applicant with the help of members of the Commission.

The rating "satisfactory" is set if the doctoral student:

- gave a not sufficiently consistent answer to the questions, but showed the ability to identify significant and non-essential features and cause-and-effect relationships; answered logically and presented the answer in terms of science; and if the applicant made 1-2 mistakes in defining the basic concepts that are difficult to correct yourself.

The rating "unsatisfactory" is set if the doctoral student:

- gave an incomplete answer; presented information illogically; is difficult to prove; speaks illiterate; skips conclusions when answering; makes a lot of significant errors in the definitions of terms and concepts, characteristics of facts and phenomena. And also if, when answering additional questions, the applicant begins to realize the existence of a link between knowledge only after prompting the Commission members.

Scale of assessment of the results of entrance examinations in the subject

Rating by letter system	Digital equivalent of points	% - content	Evaluation using the traditional system
A	4,0	95-100	Great
A-	3,67	90-94	
B+	3,33	85-89	Well
B	3,0	80-84	
B-	2,67	75-79	
C+	2,33	70-74	Satisfactorily
C	2,0	65-69	
C-	1,67	60-64	
D+	1,33	55-59	
D-	1,0	50-54	
F	0	0-49	Unsatisfactorily
