

APPROVED
 Vice Rector for Academic Affairs
 A.K. Khikmetov
 Protocol NMS KazNU named after al-Farabi
 № 6 of 15.07, 2020

**TABLE OF CORRESPONDENCE OF SPECIALITIES OF
 THE PREVIOUS LEVEL
 EDUCATIONS FOR EDUCATION PROGRAMME OF
 DOCTORANTURE PhD
 For 2020-2021 academic year.**

№	Code of EP	Title of the educational program	The list of related specialties that do not require training by pre-requisites (name of the specialty)	Prerequisites of the educational program for graduates of unrelated specialties (name of the discipline)	Number of credits (ECTS)
FACULTY OF BIOLOGY AND BIOTECHNOLOGY					
1	8D05101	Biology	Biology Biotechnology	Cell biology Environment and conservation of biological diversity; Theoretical biology	5 5 5
2	8D05102	Biomedicine	Biology Biotechnology Biophysics	Theoretical Biomedicine The physiology of cells in norm and pathology Chronodiagnostic and chronotherapy	5 5 5
3	8D05105	Biotechnology	Biology Biotechnology	Modern methods in biotechnology Chromosomal and genetic engineering	5 5
4	8D05201	Environmental biotechnology	Biology Biotechnology	Modern methods in biotechnology	5
5	8D05103	Biophysics	Biology Biotechnology Biomedicine	Theoretical biology General principles of chronobiology Biophysics of regulatory processes	5 5 5
6	8D05104	Genetics	Biology Biotechnology Fisheries and industrial fish farming	Organization and planning of scientific research Methodology of systematic genetic research	5 5
7	8D05108	Geobotany	Biology Ecology Biotechnology Geobotany	Conservation of biological diversity and rational use of vegetation cover Phytocenology	5 5
8	8D05106	Nanobiotechnology in the food industry	Biology Biotechnology	Modern methods in biotechnology	5

9	8D08401	Fisheries and industrial fisheries	Biotechnology Fisheries and industrial fisheries Biology Ecology Zootechny Technology of production of animal products	Protection of fish resources Biotechnology in fisheries	5 5
10	8D05107	Phytobiotechnology	Biology Biotechnology	Modern methods in biotechnology	5
FACULTY OF ORIENTAL STUDIES					
11	8D02209	Orientalism	Orientalism Regional studies (Eastern countries) Foreign Philology (Eastern languages) Translation business (Eastern languages) Turkology	Diplomacy and foreign policy doctrine of the country under study Fundamental problems of the history of Eastern countries/Modern historical processes in the countries of the East Foreign (Eastern) language for academic purposes	5 5 5
12	8D02305	Foreign Philology (Oriental languages)	Foreign Philology (Eastern languages) Oriental studies Translation business (Eastern languages) Turkology Regional studies (Eastern countries) Foreign language: two foreign languages	Main foreign language (Eastern) for academic purposes; Modern trends in the literature of the studied (Eastern) language; Modern methodology infralogistics exercises.	5 5 5
13	8D02301	Translation business (Eastern languages)	Orientalism Foreign Philology (Eastern languages) Translation business (Eastern languages) Turkology	Oriental language for academic purposes Cross-cultural communication and translation problems Modern trends in translation studies	5 5 5
14	8D02208	Turkology	Orientalism Foreign Philology (Eastern languages) Translation business (Eastern languages) Turkology	International relations of modern Turkic States Basics of phraseology and vocabulary of Turkic languages Fundamentals of the theory and methodology of Turkology	5 5 5
FACULTY OF MEDICINE AND HEALTH CARE					
15	8D10102	Medicine	Master's degree in Medicine Residency program (all specialties)	Epidemiology Environmental factors and their impact on health	5 5
16	8D10101	Public health	Master's degree in the specialty Medicine Residency program (all specialties)	Research strategy and evaluation of scientific information Fundamentals of public health teaching methodology Fundamentals of bioethics	5 5 5
17	8D10103	Nursing	Master's degree in the specialty Medicine Nursing Public health	Current trends in nursing Project management in nursing Methodology and methods of scientific research in nursing	5 5 5

			Residency program (all specialties)		
18	8D01401	Physical culture and sport	Physical culture and sport	Scientific and practical bases of physical culture and sport in higher education institutions Physiological bases of management of functional readiness of athletes and those engaged in FC Theory, methodology and practice of the chosen sport at the University	5 5 5
HIGHER SCHOOL OF BUSINESS AND ECONOMICS					
19	8D04103	State and local government	Management State and local government Economy Marketing Logistics (by industry) Innovation management Project management Accounting and audit Finance	Theory and practice of public administration Strategic management Human resource management	5 5 5
20	8D04104	Business administration	Business administration Management State and local government Economy Marketing Logistics (by industry) Innovation management Project management Accounting and audit Finance	Strategic management Business planning Personnel management	5 5 5
21	8D04105	Innovation management	Management State and local government Economy Marketing Logistics (by industry) Innovation management Project management Accounting and audit Finance	Venture business management Marketing of innovations Innovation management	5 5 5
22	8D11301	Logistics (by industry)	Management State and local government Economy Marketing Logistics (by industry)	Logistics Transport logistics Global logistics	5 5 5

			Innovation management Project management Accounting and audit Finance		
23	8D04111	Marketing	Management State and local government Economy Marketing Logistics (by industry) Innovation management Project management Accounting and audit Finance	Marketing and management Strategic analysis in marketing Planning and organizing marketing research	5 5 5
24	8D04106	Management	Management State and local government Economy Marketing Logistics (by industry) Innovation management Project management Accounting and audit Finance	Modern strategic analysis Human resource management	5 5
25	8D04107	Project management	Management State and local government Economy Marketing Logistics (by industry) Innovation management Project management Accounting and audit Finance	Management Project management Human resource management	5 5 5
26	8D04108	Accounting and audit	Finance Accounting and audit Economy World economy Management state and local government Marketing	Admission of persons with an education in unrelated specialties is not provided	-
27	8D04110	Finance	Finance Accounting and audit Economy	Admission of persons with an education in unrelated specialties is not provided	-

			Management State and local government Marketing World economy		
28	8D04102	Economy	Economy Management Accounting and audit Finance State and local government Marketing Organization and rationing of labor World economy State audit Innovation management Project management Business administration Evaluation Fundamentals of law and Economics Logistics	Economic security of the company Modern concepts of economic science Theory of industrial organization	5 5 5
FACULTY OF GEOGRAPHY AND ENVIRONMENTAL SCIENCES					
29	8D05202	Geography	Preparation of geography teachers Geography Land management Cadastre Meteorology Hydrology Tourism	Geography of population and labor resources of the Republic of Kazakhstan Theoretical and methodological problems of geography	5 3
30	8D07301	Geodesy	Computer science Mathematics Geodesy Geoinformatics Cartography Geography Hydrology Mine surveying Land management Cadastre	Geographic Information Systems in Geodesy	5
31	8D07302	Geoinformatics	Computer science Mathematics Geodesy Geoinformatics	Information Management and Data Processing	5

			Cartography Geography Hydrology Mine surveying Land management Cadastre		
32	8D05205	Geoecology and environmental management	Ecology Geoecology and environmental management Life safety and environmental protection Hydrology Biology Biotechnology Chemistry	New technologies of rational use of biological and raw materials resources Environmental protection technologies Modern methods of environmental risk assessment	5 5 5
33	8D05203	Hydrology	Hydrology	Integrated water resources management Computer technologies in hydrology Hydrology of urbanized territories The doctrine of soil moisture Reclamation hydrology	5 5 5 5 5
34	8D07304	Land management	Preparation of geography teachers Geography Land management Cadastre Meteorology Hydrology Tourism Ecology Geoecology and environmental management Geodesy Cartography	Territorial land use planning Theoretical and methodological foundations of land use regulation	5 5
35	8D07305	Cadastre	Preparation of geography teachers Geography Land management Cadastre Meteorology Hydrology Tourism Ecology Geoecology and environmental management Geodesy Cartography	Technology of cadastral activity Fundamentals of land cadastre maintenance in foreign countries	5 5

36	8D07303	Cartography	Computer science Mathematics Geodesy Geoinformatics Cartography Tourism Geography Hydrology Mine surveying Land management Cadastre	Problems of the Theory and Methodology of Modern Cartography	5
37	8D05204	Meteorology	Meteorology	Features of the General atmospheric circulation and long-term weather forecasts Modern statistical methods in meteorology Global monitoring of the atmosphere Forecast of natural disasters Global climate and its changes	5 5 5 5
38	8D05206	Natural-technogenic risks	Ecology Geospatial environment management Geocology and environmental management Geography Geodesy Hydrology Meteorology Life and environmental safety Geoinformatics Cartography Integrated security management and audit in industry	Regional and local natural and technical geosystems	5
39	8D11101	Tourism	Tourism Leisure Restaurant and hotel business Sanitary and preventive measures Transport service Logistics (by industry) Interdisciplinary programs related to services	Theoretical and methodological problems of the tourism industry Methods of teaching tourism in higher education Modern research of the tourism industry	5 5 3
40	8D015202	Geography	Geography Teacher Training Geography Land management Cadastre Meteorology Hydrology	Pedagogy of higher education Innovative methods of teaching geography	5 5

			Tourism		
41	8D05207	Ecology	Ecology Geoecology and environmental management Life safety and environmental protection Hydrology Biology Biotechnology Chemistry	New technologies of rational use of biological and raw materials resources Environmental protection technologies Modern methods of environmental risk assessment	5 5 5
FACULTY OF JOURNALISM					
42	8D03201	Journalism	Journalism International journalism Publishing business Design Public relation	Converged journalism	5
43	8D03202	Media and communications	Journalism International journalism Publishing business Design Public relation Sociology	Converged journalism	5
44	8D03203	International journalism	Journalism International journalism Publishing business Design Public relation	Globalization and leadership in the digital and new media age Digitalization and data journalism	5 5
45	8D03204	Public relations	Journalism International journalism Publishing business Design Public relation State and local government	Scientific bases of PR Effective PR strategies	5 5
FACULTY OF HISTORY, ARCHEOLOGY AND ETHNOLOGY					
46	8D02210	Archaeology	Archaeology and Ethnology History Museum management and monument protection	Theoretical and methodological problems of archeology Ethnocultural processes in ancient and medieval Kazakhstan	5 5
47	8D02205	Archaeology and Ethnology	History Museum management and monument protection	Theoretical and methodological problems of archeology Theoretical and methodological problems of Ethnology	5 5
48	8D03205	Archival science, scientific discipline of documentation and documentation support	Archival science, scientific discipline of documentation and documentation support History Museum management and monument protection	Theoretical problems of archival science Theoretical problems of document management Methodological and theoretical problems of archaeography,	5 5 5 5

				Documentary publications in electronic format	
49	8D03206	Library information system	Archival science, scientific discipline of documentation and documentation support History Museum management and monument protection	Organization and modernization of the library Fund Theoretical and methodological foundations of book science, library science and bibliography Informational interaction and design	5 5 5
50	8D02206	History	Archaeology and Ethnology History Museum management and monument protection	Innovations in the study of fundamental problems of world history Theoretical and methodological problems of source studies and historiography Actual problems of Russian history Interdisciplinary approaches in modern historical science	5 5 5 5
51	8D02207	Museum management and monument protection	History Archaeology and Ethnology	Innovation in Museum management: theory and practice Modern problems of the world Museum space	5 5
52	8D02211	Ethnology and anthropology	Archaeology and Ethnology History Museum management and monument protection	Theoretical and methodological problems of Ethnology Ethnic and ethno-cultural processes in modern Kazakhstan	5 5
FACULTY OF MECHANICS AND MATHEMATICS					
53	8D07111	Space equipment and technologies	Space equipment and technologies Mechanics Mathematical and computer modeling Aviation equipment and technologies Instrument making Radio engineering, electronics, telecommunications Physics	The design of spacecrafts Mathematics Programming	5 5 5
54	8D05401	Mathematics	Mathematics	Mathematical analysis on manifolds General algebra Complex analysis	5 5 5
55	8D07117	Robotic systems	Natural Sciences, Mathematics and Statistics Information and communication technologies Engineering, manufacturing and construction industries	Theoretical Mechanics Robot mechanics Programming	6 5 5
56	8D05403	Mechanics	Mechanics Space equipment and technologies Mathematical and computer modeling Physics	Modern problems of mechanics Mathematical analysis Programming	5 5 5
RSE					
57	8D02205	Archaeology and Ethnology	Archaeology and Ethnology Museum management and monument protection History	Fundamental problems of archaeology Fundamental problems of Ethnology	5 5

			Archival science, scientific discipline of documentation and documentation support		
58	8D02209	Orientalism	Orientalism Regional studies (with knowledge of the Eastern language) History Turkology Foreign Philology (with knowledge of the Eastern language) Translation business (with knowledge of the Eastern language) Cultural studies Religious studies	Modern historical processes in the countries of the East Oriental language for academic purposes Traditionalism and modernization of Eastern civilizations	5 5 5
59	8D07116	Intelligent control system	Computer science Information system Computer equipment and software Automation and management Mathematical and computer modeling Information security system	Automation of technical systems Database design Mathematical analysis	5 5 5
60	8D01502	Computer science	Computer science Mathematical and computer modeling; Information system Computer equipment and software Automation and management Information security system	Algorithms and their complexity Object-oriented programming technologies Mathematical analysis	5 5 5
61	8D06101	Information system	Computer science Information system Computer equipment and software Mathematical and computer modeling Automation and management; Information security system	The architecture of information systems Information system infrastructure Mathematical analysis	5 5 5
62	8D06114	Artificial intelligence in medicine	Computer science Information system Computer equipment and software Automation and management Mathematical and computer modeling Information security system	Mathematical logic Programming technology	3 5
63	8D02204	Islamic studies	Islamic studies Religious studies Philosophy Theology	Modern problems of Islamic teachings Hadith studies Theology of Islam	5 3 3

			Political science Orientalism Culturology		
64	8D02206	History	Archaeology and Ethnology History Museum management and monument protection Archival science, scientific discipline of documentation and documentation support Jurisprudence Regional studies Orientalism International relations Religious studies Culturology	Theoretical and methodological problems of Russian history Innovations in the study of fundamental problems of world history Actual problems of Russian history	5 5 5
65	8D02307	Kazakh philology	Linguistics Foreign philology Philology Literary criticism Translation Studies Russian language and literature Oriental studies	General linguistics Scientific paradigms of General linguistics	5 3
66	8D06102	Computer engineering	Computer science Mathematical and computer modeling Information system Computer equipment and software Automation and management Information security system	High-speed computing technology Programming technology Mathematical analysis	5 5 5
67	8D06103	Computer science	Computer science Mathematical and computer modeling Information system Computer equipment and software Automation and management Information security system	High-speed computing technology Programming technology Mathematical analysis	5 5 5
68	8D07111	Space equipment and technologies	Space equipment and technologies Mechanics Mathematical and computer modeling Aviation equipment and technologies Instrument making Radio engineering, electronics, telecommunications Physics	The design of spacecrafts Mathematics Programming	5 5 5
69	8D02303	Linguistics	Linguistics	General linguistics	5

			Foreign philology Philology	Scientific paradigms of General linguistics	3
70	8D02304	Literary study	Literary study Russian language and literature Philological Translation business Orientalism	Actual problems of Kazakh literature	5
71	8D06104	Mathematical and computer modeling	Mathematical and computer modeling Mathematics Mechanics Computer science Information system Computer equipment and software, Automation and management Information security system	Programming technology Numerical method Fundamentals of mathematical modeling	5 5 5
72	8D06104	Mathematical and computer modeling	Mathematics Mechanics	Mathematical analysis Algebra Numerical method Differential controls Mathematical modeling	5 3 5 5 5
73	8D05403	Mechanics	Mechanics Space equipment and technologies Mathematical and computer modeling Physics	Modern problems of mechanics Mathematical analysis Programming	5 5 5
74	8D04101	World economy	Economy Management Accounting and audit Finance State and local government Marketing Statistics International law International relations Regional studies	Methodology of economic research International macroeconomics Regional integration	5 5 5
75	8D03104	Political science	Sociology Philosophy Culturology History International relations	State policy Public administration Modern international relations and global development	5 5 5

			International law Regional studies		
76	8D02203	Religious studies	Religious studies Philosophy Theology Islamic studies Political science Orientalism Culturology	Methodology of religious studies State legislation on religion Philosophy of religion of the twentieth century	5 5 5
77	8D06105	System engineering	Computer science Information system Computer equipment and software Mathematical and computer modeling Automation and management Information security system	Methods and means of protecting computer information Computer science Mathematical analysis	5 5 5
78	8D06301	Information security system	Computer science Information system Computer equipment and software Mathematical and computer modeling Automation and management; Information security system Mechanics Mathematics Applied mathematics Radio engineering, electronics, telecommunications	Methods and means of protecting computer information Numerical-theoretical methods of cryptography Mathematical analysis	5 5 5
79	8D02202	Philosophy and ethics	Philosophy Culturology Religious studies Sociology Political science	Actual problems of modern philosophy History and philosophy of science Philosophy of education	5 3 5
80	8D05404	Basic and applied mathematics	Mathematical and computer modeling Mechanics Mathematics	Mathematical analysis Algebra Functional analysis Differential controls Equations of mathematical physics	5 5 3 5 5
81	8D04102	Economy	Economy Management Accounting and audit Finance State and local government Marketing	Macroeconomics (intermediate) Econometrica (intermediate) Microeconomics (intermediate)	5 5 5

FACULTY OF PHYSICS AND TECHNOLOGY

82	8D07110	Materials science and technology of new materials	<p>Physics</p> <p>Nuclear physics</p> <p>Technical Physics</p> <p>Astronomy</p> <p>Materials science and technology of new materials</p> <p>Radio engineering, electronics and telecommunications</p> <p>Standardization, certification and metrology (by industry)</p> <p>Heat power engineering</p> <p>Power engineering</p> <p>Maths</p> <p>Computing technology and software</p> <p>Information Systems</p> <p>Information security systems</p> <p>Space engineering and technology automation and control</p>	<p>Modern materials science</p> <p>Nanotechnologies in materials science</p>	<p>5</p> <p>5</p>
83	8D07112	Nanomaterials and nanotechnologies	<p>Materials science and technology of new materials</p> <p>Nanomaterials and nanotechnology</p> <p>Heat power engineering</p> <p>Technical Physics</p> <p>Standardization, certification</p> <p>Physics</p> <p>Nuclear physics</p> <p>Radio engineering, electronics and telecommunications</p> <p>Physics and Astronomy</p> <p>Metrology</p> <p>Computing technology and software</p> <p>Information Systems</p> <p>Information security systems</p> <p>Space engineering and technology automation and control</p>	<p>Introduction to nanotechnology</p> <p>Fundamental foundations of nanotechnology</p>	<p>5</p> <p>5</p>
84	8D06201	Radio engineering, electronics and telecommunications	<p>Radio engineering, electronics and telecommunications</p> <p>Physics and Astronomy</p> <p>Materials science and technology of new materials</p> <p>Heat power engineering</p> <p>Technical Physics</p> <p>Standardization, certification</p> <p>Physics</p> <p>Nuclear physics</p> <p>Nanomaterials and nanotechnology</p>	<p>Scientific and technical problems of radio engineering, electronics and telecommunications</p> <p>Physical processes of nanoelectronics and optoelectronics</p>	<p>5</p> <p>5</p>

			Metrology Computing technology and software Information Systems Information security systems Space engineering and technology Automation and control		
85	8D075	Standardization and certification Metrology	Heat power engineering Technical Physics Standardization, certification Physics Materials science and technology of new materials Nuclear physics Radio engineering, electronics and telecommunications Physics and Astronomy Nanomaterials and nanotechnology Metrology Computing technology and software Information Systems Information security systems Space engineering and technology automation and control	Modern aspects of standardization and certification development (by industry) Technical regulation	5 5
86	8D07106	Heat power engineering	Heat power engineering Technical Physics Standardization, certification Physics Materials science and technology of new materials Nuclear physics Radio engineering, electronics and telecommunications Physics and Astronomy Nanomaterials and nanotechnology Metrology Computing technology and software Information Systems Information security systems Space engineering and technology automation and control	Information systems in heat power engineering and heat technology Scientific and technical problems of heat power engineering and heat technology	5 5
87	8D01501	Physics	Physics Nuclear physics Technical Physics Astronomy Materials science and technology of new materials	Actual problems of modern physics Additional chapters in plasma physics	5 5

			<p>Radio engineering, electronics and telecommunications Standardization, certification and metrology (by industry) Heat power engineering Power engineering Maths Computing technology and software Information Systems Information security systems Space engineering and technology automation and control</p>		
88	8D053	<p>Physics Physics (Osaka) Physics (VPU) Physics and astronomy Nuclear physics Applied physics Technical physics (KTU)</p>	<p>Physics Nuclear physics Heat power engineering Technical Physics Standardization, certification Materials science and technology of new materials Radio engineering, electronics and telecommunications Physics and Astronomy Nanomaterials and nanotechnology Metrology Computing technology and software Information Systems Information security systems Space engineering and technology Automation and control</p>	<p>Basic principles of modern physics Pedagogy</p>	<p>5 5</p>
89	8D07115	<p>Electronics and control systems</p>	<p>Radio engineering, electronics and telecommunications Physics and Astronomy Materials science and technology of new materials Heat power engineering, Technical physics Standardization, certification Physics Nuclear physics Nanomaterials and nanotechnology Metrology Computing technology and software Information Systems Information security systems Space engineering and technology Automation and control</p>	<p>Circuit design of electronic systems Modern information transfer systems</p>	<p>5 5</p>

90	8D07108	Electroenergetics	Physics Nuclear physics Technical Physics Astronomy Materials science and technology of new materials Radio engineering, electronics and telecommunications Standardization, certification and metrology (by industry) Heat power engineering Power engineering Maths Computing technology and software Information Systems Information security systems Space engineering and technology Automation and control	Scientific and technical problems of electric power industry Electric machine	5 5
FACULTY OF PHILOLOGY AND WORLD LANGUAGES					
91	8D02306	Foreign Philology (Western languages)	Translation business Foreign philology Linguistics Philology	Modern literary studies National variants of modern English: problems, solutions	5 5
92	8D01705	Foreign language: Two foreign languages	Linguistics Computational linguistics Foreign language: two foreign languages Translation business Foreign philology Philology	Modern methodology of foreign language education Level-level organization of a foreign language Foreign language and language contacts	5 5 5
93	8D02307	Kazakh philology	Philology Literary study Linguistics Orientalism Russian language and literature Foreign philology Translation business Kazakh language and literature	Theory of artistic text / Active processes in the modern Kazakh language	5
94	8D01701	Kazakh language and literature	Literary study Philology Kazakh language and literature Russian language and literature Translation business Orientalism	Theoretical bases of periodization of literary history Theoretical foundations of periodization of the history of the language	5 5 5

95	8D02303	Linguistics	Linguistics Computational linguistics Foreign language: two foreign languages Translation business Foreign philology Philology	Scientific organization of linguistic research Theory of language Methods and techniques of linguistics	5 5 5
96	8D02304	Literary study	Literary study Philology Kazakh language and literature Russian language and literature Translation business Orientalism	Actual problems of literature and folklore Literary studies and intercultural communication	5 5
97	8D02302	Translation business (Western languages)	Translation business Foreign philology Linguistics Philology	Innovative technologies and methods of teaching translation Cognitive and communicative concept of translation	5 5
98	8D02308	Russian Philology	Philology Literary study Linguistics Russian language and literature Foreign philology Pedagogy and psychology Kazakh language and literature	Actual problems of linguistics/ literature studies New directions of linguistics / literary studies	5 5
99	8D01704	Russian language and literature	Philology Literary study Linguistics Russian language and literature Foreign philology Pedagogy and psychology Kazakh language and literature	Current problems of linguistics, Russian classical literature in scientific research	5 5
FACULTY OF INFORMATION TECHNOLOGIES					
100	8D07116	Intelligent control system	Automation and management Computer science Computer equipment and software Information system Information security system Mathematical and computer modeling Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications	Mathematical methods in intelligent control systems Optimal management of automation objects	5 5

			<p>Electroenergetics Physics Heat power engineering Applied physics Nuclear physics</p>		
101	8D01502	Computer science	<p>Computer science Computer equipment and software Automation and management Information system Information security system Mathematical and computer modeling Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications Electroenergetics Physics Heat power engineering Applied physics Nuclear physics</p>	Informatization of education and problems of training	5
102	8D06101	Information system	<p>Information system Information security system Computer science Computer equipment and software Mathematical and computer modeling Applied mathematics Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications Electroenergetics Physics Heat power engineering Applied physics Nuclear physics</p>	<p>Analysis, modeling and design of information systems Models and methods of IP decision support</p>	<p>5 5</p>
103	8D06114	Artificial intelligence in medicine	<p>Automation and management Computer science Computer equipment and software Information system Information security system Mathematical and computer modeling</p>	<p>Computer models of computing Methods for statistical data analysis</p>	<p>5 5</p>

			<p>Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications Electroenergetics Physics Heat power engineering Applied physics Nuclear physics</p>		
104	8D06102	Computer engineering	<p>Computer science Computer equipment and software Automation and management Information system Information security system Mathematical and computer modeling Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications Electroenergetics Physics Heat power engineering Applied physics Nuclear physics</p>	<p>Software development technology Advanced data structures, algorithms and analysis Network technologies</p>	<p>5 5 5</p>
105	8D06103	Computer science	<p>Computer science Computer equipment and software Automation and management Information system Information security systems Mathematical and computer modeling, Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications Electroenergetics Physics Heat power engineering Applied physics Nuclear physics</p>	<p>Software development technology Advanced data structures, algorithms and analysis Network technologies</p>	<p>5 5 5</p>
106	8D06105	System engineering	<p>Computer science Computer equipment and software</p>	<p>Software development technology</p>	<p>5 5</p>

			Automation and management Information system Information security system Mathematical and computer modeling Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications Electroenergetics Physics Heat power engineering Applied physics Nuclear physics	Advanced data structures, algorithms and analysis Network technologies	5
107	8D06301	Information security system	Information security system Information system Computer science Computer equipment and software Mathematical and computer modeling Applied mathematics Mathematics Mechanics Space engineering and technology Radio engineering, electronics and telecommunications	Organization of information security systems Cryptanalysis	5 5
FACULTY OF INTERNATIONAL RELATIONS					
108	8D04201	International law	Jurisprudence Law enforcement Customs matter International law	IPL PIL Theory of state and law	5 5 5
109	8D03105	International relations	International relations Regional studies	Foreign policy of the Republic of Kazakhstan Modern problems of international relations International relations theory Globalization and international relations Megatrends and global issues of world politics	5 5 5 5 5
110	8D04101	World economy	World economy Economy Finance Management Marketing State and local government Logistics (by industry) Fundamentals of law and Economics	Methodology of economic research International economics World economy International entrepreneurship Economic aspects of global problems of humanity	5 5 5 5 5

			Project management		
111	8D03106	Regional studies	Regional studies International relations	Actual problems of regions in the system of international relations: theoretical and practical approaches Modern issues of global integrated regional studies Source analysis of Central Asian countries ' foreign policy Modern theories of national and global security Political regionalism	5 5 5 5
FACULTY OF PHILOSOPHY AND POLITICAL SCIENCE					
112	8D02204	Islamic studies	Religious studies Philosophy Theology Culturology Islamic studies	Contemporary Problems of Islamic Teachings Legal regulation of religious associations Methodology of Islamic studies	5 5 5
113	8D03103	Conflictology	Conflictology Political science History International relations International law Jurisprudence Philosophy Culturology Religious studies Sociology Social work Regional studies State and local government Journalism Public relations Orientalism Psychology	History of conflict resolution Examination and prediction of conflict resolution Conflict resolution: strategies and methods	5 5 5
114	8D03102	Culturology	Culturology Philosophy Religious studies Art criticism Islamic studies	Modern studies of culture Introduction to Cultural Anthropology Theory and Methodology of the Typology of Culture	5 5 5
115	8D01101	Pedagogy and psychology	Pedagogy and psychology Social pedagogy and self-knowledge Psychology	Educational policy: theory and practice of analysis Actual problems of personal development in education Organization and planning of scientific research	5 5
116	8D02201	Political philosophy	Philosophy Culturology	The philosophy of power Modern Kazakh philosophy	5 5

			Religious studies Sociology Political science		
117	8D03104	Political science	Political science History International relations Regional studies International law Jurisprudence Philosophy Culturology Religious studies Sociology Social work State and local government Journalism Public relations Orientalism Conflictology	Public administration State policy Modern international relations and global development	5 5 5
118	8D03107	Psychology	Pedagogy and psychology Social pedagogy and self-knowledge Philosophy Sociology Social work Culturology Political science Public health	History, state and trends of development of modern psychology Research methods and experience	3 5
119	8D03107	Psychology (doctoral program, in English. language)	Journalism Personality and organizational psychology (scientific and pedagogical master's degree), in English Child psychology (scientific and pedagogical master's program) Clinical psychology (scientific and pedagogical master's program)	Psychology of management History, state and trends of development of modern psychology Modern methods of statistics in psychology Theoretical and methodological foundations of psychology	3 5 5 5
120	8D02203	Religious studies	Religious studies Philosophy Theology Islamic studies Culturology	Problems of modern religious studies Legal regulation of religious associations Methodology of Religious Studies	5 5 5
121	8D01801	Social pedagogy and self-knowledge	Pedagogy and psychology Social pedagogy and self-knowledge	Theoretical and methodological foundations of social pedagogy	5

			Psychology		
122	8D10201	Social work	Social work Sociology Psychology Social pedagogy self-knowledge	Actual problems of social work theory and methodology Social order and development of a system of social services Social partnership and dialogue in social work	5 5 5
123	D061	Sociology	Culturology Political science International relations Religious studies Psychology Public administration Philosophy Marketing Mathematics Economy	Sociological theories Modern methods of sociological research Modeling of social processes	5 5 5
124	8D02202	Philosophy	Philosophy Culturology Religious studies Sociology Political science	Philosophy of education Modern Kazakh philosophy	5 5
FACULTY OF CHEMISTRY AND CHEMICAL TECHNOLOGY					
125	8D07113	Nanomaterials and nanotechnologies in chemistry	Chemistry Nanomaterials and nanotechnologies CTIS CTOS Chemical technology of explosives and pyrotechnics Oil and gas business Chemical engineering Pharmaceutical manufacturing technology	Fundamental foundations of nanotechnology	5
126	8D07101	Petrochemistry	Petrochemistry Chemistry CTOS Nanomaterials and nanotechnologies Oil and gas business Chemical engineering	Technology of heterolytic and homolytic processes in oil refining	5
127	8D07102	Chemical engineering (eng.)	CTOS CTIS Chemistry Nanomaterials and nanotechnologies Oil and gas business	Modern technologies of processing of mineral raw materials	5

			Petrochemistry Pharmaceutical manufacturing technology Biotechnology Ecology Materials science		
128	8D07103	Chemical technology of explosives and pyrotechnics	Chemical technology of explosives and pyrotechnics Nanomaterials and nanotechnologies Chemistry CTIS CTOS Oil and gas business Petrochemistry Chemical engineering	Pyrotechnic substances and devices-classification, calculation, production features	5
129	8D07104	Chemical technology of inorganic substances	CTIS CTOS Chemistry Nanomaterials and nanotechnologies Chemical engineering Biotechnology Ecology Materials science	Modern technologies of processing of mineral raw materials	5
